

GO-OP Co-operative aims to be the first co-operatively owned train operating company in the UK. Our ambitions go beyond being an operator of timetabled train services on the National Rail Network. **GO-OP** is supporting car clubs and researching bus links to enable communities to access sustainable transport options. GO-OP is a Multistakeholder Co-operative (Somerset Rules), I&PS registered with the FCA MS30978R.

Our flagship Mainline Rail project - is the Westbury to Birmingham Moor Street service. We have developed a plan for a clock-face timetable using brand new rolling stock that will enable us to deliver a highly professional level of service.

Ultra-light rail - we are supporting Lightweight Community Transport as they develop innovative rail services on branch lines in Devon, Shropshire and Wiltshire.

Bus routes - we are working on a shortlist of routes - a key issue is how to ensure that buses link up with our other services.

Join GO-OP!

If you care about local communities, if you are passionate about the environment, if you want to fight for better public transport, if you just want to get from A to B, join GO-OP. As a co-operative we have open and voluntary membership, and user members can join any time.

GO-OP is a multi-stakeholder co-operative aiming to provide:

- passengers with a high quality public service
- employees with secure and flexible employment, and the opportunity to develop skills and confidence
- investors with an opportunity to invest in a sustainable business that benefits the Community

There are three categories of membership: passengers, employees and investors. Each member will have one vote, but a controlling proportion of the votes will always be in the hands of the passengers. Membership is currently available only to those people who are able to use our services. Please contact our Secretary for a membership application form at info@go-op.coop

You'll find more information about us at: www.go-op.coop
